

Toddler Time

*An English program for
children 5 years & under*

NORTH SHORE COMMUNITY ASSOCIATION

Bringing Communities Together

Our Program

The North Shore Community Association (NSCA) offers fun-filled activities for little ones and parents alike! Designed for the growing minds and bodies of preschoolers, children will be engaged in inspiring and educational activities including story time and crafts. Fun is guaranteed to be had by all!

Toddler Time is a program for parents with toddlers ages **2 to 5 years old**. Each session includes storytelling, songs, crafts, as well as other activities designed to stimulate young minds.

Let your toddler explore the world through stories, rhymes, finger plays, and songs that reinforce language development and learning. In this program, children and their caregivers can spend quality time while engaged in **interactive learning-based** activities. Drop in to our learning centre, where you and your child can socialize with peers and where playing enhances growth and development. Each month, we offer exciting new activities that will please you and your child!
